URF100

ULTRA RESPONSE DUCTED CEILING EXHAUST FAN

URF is a low profile, extract fan that can be installed into tight ceiling space . It features a non-return damper to eliminate backdraft and a high-performance centrifugal impeller that produces powerful airflow and low noise. Smartflow Technology ensures optimum airflow. Model to suit 100mm diameter duct size is available.

| MODEL NO. | | URF100 | | |
|-----------------|--|-------------|----|-----|
| CFM | | 50 | 80 | 110 |
| Avg. dB(A) @3m | | 35 | 36 | 36 |
| Input Power (W) | | 22W | | |
| Voltage (V) | | 220-240 VAC | | |
| Frequency (Hz) | | 50 | | |

FEATURES

- ☐ Three airflow selectable
50/80/110 CFM (free air)
- ☐ Removable clip-in grille*
makes cleaning easy
- ☐ Convenient installation
screw-in fixing
- ☐ Designed for use in ducted
systems
- ☐ Non-return damper
eliminates backdraft
- ☐ Housing is manufactured
from steel painted black
- ☐ Fans are Brushless DC for
energy efficiency

* Grille part number SRG100SW-SP
(sold separately)
